3. DETAILS OF THE OFFER

3.1 Offer

By this Prospectus, the Company offers for subscription approximately 45,316,146 new Shares pursuant to a pro-rata non-renounceable entitlement issue to Shareholders of one (1) new Share for every one (1) Share held on the Record Date at an issue price of \$0.02 per Share. Fractional entitlements will be rounded up to the nearest whole number.

The Offer will raise approximately \$906,323. The purpose of the Offer and the use of funds raised are set out in Section 4 of this Prospectus.

Holders of existing Options will not be entitled to participate in the Offer. The Company currently has 27,993,897 Options on issue as at the date of this Prospectus, which Options may be exercised by the Option holder prior to the Record Date in order to participate in the Offer.

3.2 How to Accept the Offer

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form accompanying this Prospectus. Your acceptance must not exceed your Entitlement as shown on that form. If it does, your acceptance will be deemed to be for the maximum Entitlement.

You may participate in the Offer as follows:

- (a) if you wish to accept your Entitlement in full:
 - (i) complete the Entitlement and Acceptance Form, filling in the details in the spaces provided; and
 - (ii) attach your cheque for the amount indicated on that relevant Entitlement and Acceptance Form; or
- (b) if you only wish to accept part of your Entitlement:
 - (i) fill in the number of Securities you wish to accept in the space provided on the Entitlement and Acceptance Form; and
 - (ii) attach your cheque for the appropriate application monies (at \$0.02 per Share); or
- (c) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "Newera Uranium Limited" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must reach the Company's share registry no later than 5.00pm WST on the Closing Date.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

3.3 Minimum Subscription

The minimum subscription in respect of the Offer is \$906,323.

3.4 Underwriting

The Offer is conditionally underwritten by Cygnet Capital Pty Limited.

Refer to Section 7.2 of this Prospectus for further details of the terms of the underwriting.

3.5 Shortfall

If you do not wish to take up any part of your Entitlement you are not required to take any action. That part of your Entitlement not taken up will form part of the Shortfall and will be dealt with by the Directors in consultation with the Underwriter, having consideration of the terms of the Underwriting Agreement. Shareholders who may wish to apply for Shares above their Entitlement can complete the Shortfall Application Form attached to the back of this Prospectus and return it, together with a cheque for the value of those Shortfall Shares (at \$0.02 per Share) to the Company. The Company reserves the right to allot to an applicant a lesser number of Shortfall Shares than the number for which the applicant applies, or to reject an application, or to not proceed with placing the Shortfall.

The offer of the Shortfall is a separate offer pursuant to this Prospectus and will remain open after the Closing Date. The issue price of any Shares offered pursuant to the Shortfall Offer shall be \$0.02 cents being the price at which the Entitlement has been offered to Shareholders pursuant to this Prospectus.

3.6 Australian Securities Exchange Listing

Application for official quotation by ASX of the Shares offered pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. If approval is not obtained from ASX before the expiration of 3 months after the date of issue of the Prospectus, (or such period as modified by the ASIC), the Company will not issue any Shares and will repay all application monies for the Securities within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant official quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Securities now offered for subscription.

3.7 Allotment of Shares

Shares issued pursuant to the Offer will be allotted as soon as practicable after the Closing Date. The Company will allot the Shares on the basis of a Shareholder's Entitlement. Where the number of Shares issued is less than the number applied for, or where no allotment is made, surplus application monies will be refunded without any interest to the applicant as soon as practicable after the Closing Date.

Pending the allotment and issue of the Shares or payment of refunds pursuant to this Prospectus, all application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

3.8 Overseas Shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Securities these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Securities will not be issued to Shareholders with a registered address which is outside Australia or New Zealand.

Shareholders resident in New Zealand should consult their professional advisors as to whether any government or other consents are required, or other formalities need to be observed, to enable them to exercise their Entitlements under the Offer.

3.9 Taxation Implications

The Directors do not consider that it is appropriate to give Applicants advice regarding the taxation consequences of applying for Securities under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation consequences. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to Applicants. Potential Applicants should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Securities offered pursuant to this Prospectus.

3.10 Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship

The Company will not be issuing share certificates. The Company will apply to ASX to participate in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Shares allotted to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHES and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

3.11 Privacy Act

If you complete an application for Shares, you will be providing personal information to the Company (directly or by the Company's share registry). The Company collects, holds and will use that information to assess your application, service your needs as a Shareholder, facilitate distribution payments and corporate communications to you as a Shareholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Company's share registry.

You can access, correct and update the personal information that we hold about you. Please contact the Company or its share registry if you wish to do so at the relevant contact numbers set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the *Privacy Act 1988* (Cth) (as amended), the Corporations Act and certain rules such as the ASTC Settlement Rules. You should note that if you do not provide the information required on the application for Shares, the Company may not be able to accept or process your application.

4. PURPOSE AND EFFECT OF THE OFFER

4.1 Background

On 10 March 2009, the Company announced to ASX that, due to the prevailing economic conditions, the Company had withdrawn from the option agreements representing its interest in the Brumby and Amadeus Projects in the Northern Territory. Following the withdrawal from those projects, the Company has commenced a review of its tenement assets and staffing resources with a view to ensuring that, in light of the current economic conditions, the Company focuses its exploration programmes on its most productive exploration assets.

Contingent on the outcome of its reviews and the opportunities that are available to the Company, it is possible the Company may continue to reduce its tenement assets and/or expenditure commitments further to ensure that the Company conserves its cash and remains focused on those projects that it deems most prospective.

In addition, by way of cutting administrative costs, the Company has agreed, upon the expiry of the Company's existing office lease, to relocate to smaller premises and will ensure its administration operations are conducted in a cost effective manner.

4.2 Purpose of the Offer

The purpose of the Offer is to raise approximately \$906,323 (before expenses). The proceeds of the Offer, are planned to be used in accordance with the table set out below:

Proceeds of the Offer	\$
Costs of existing exploration programmes	304,000
Consideration of new projects	124,500
Working Capital and administrative overheads	403,519

Total	906,323

Notes:

1. Refer to Section 7.6 of this Prospectus for further details relating to the estimated expenses of the Offer.

4.3 Effect of the Offer and Pro Forma Consolidated Balance Sheet

The principal effect of the Offer will be to:

- (a) increase the cash reserves by approximately \$832,019 immediately after completion of the Offer after deducting the estimated expenses of the Offer, assuming the Offer is fully subscribed; and
- (b) increase the number of Shares on issue from 45,316,146, to approximately 90,632,292 Shares following completion of the Offer assuming the Offer is fully subscribed.

The unaudited Balance Sheets have been prepared to provide Shareholders with information on the assets and liabilities of the Company and pro-forma assets and liabilities of the Company as noted below. 5. RIGHTS AND LIABILITIES ATTACHING TO THE SHARES

5.1 Terms of Shares

The following is a summary of the more significant rights and liabilities attaching to Shares to be issued pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Company's Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

5.1.1 General Meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with Section 249D of the Corporations Act and the Constitution of the Company.

5.1.2 Voting Rights

Subject to any rights or restrictions for the time being attached to any class or classes of Shares, at general meetings of Shareholders or classes of Shareholders:

- (a) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (b) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (c) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have a fraction of a vote equivalent to the proportion which the amount paid up bears to the total issue price for the share.

5.1.3 Dividend Rights

The Directors may from time to time declare and pay or credit a dividend in accordance with the Corporations Act. Subject to any special right as to dividends attaching to a share, all dividends will be declared and paid according to the proportion which the amount paid on the Share is to the total amount payable in respect of the Shares (but any amount paid during the period in respect of which a dividend is declared only entitles the Shareholder to an apportioned amount of that dividend as from the date of payment). The Directors may from time to time pay or credit to the Shareholders such interim dividends as they may determine. No dividends shall be payable except out of profits. A determination by the Directors as to the profits of the Company shall be conclusive. No dividend shall carry interest as against the Company.

The Directors may from time to time grant to Shareholders or any class of shareholders the right to elect to reinvest cash dividends paid by the Company by subscribing for Shares in the Company on such terms and conditions as the Directors think fit. The Directors may, at their discretion, resolve in respect of any dividend which it is proposed to pay or to declare on any Shares of the

Company, that holders of such Shares may elect to forgo their right to the whole or part of the proposed dividend and to receive instead an issue of Shares credited as fully paid to the extent and on the terms and conditions of the Constitution. The Directors may set aside out of the profits of the Company such amounts as they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

5.1.4 Winding-Up

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders. The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any Shares or other securities in respect of which there is any liability.

5.1.5 Transfer of Shares

Generally, Shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the Listing Rules.

5.1.6 Future Increase in Capital

The allotment and issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of securities contained in the Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

5.1.7 Variation of Rights

Under Section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

6. RISK FACTORS

Applicants should consider the risk factors described below, together with information contained elsewhere in this Prospectus, before deciding whether to apply for Shares. Potential Applicants should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

6.1 Specific Risks

There are specific risks associated with the Company's existing and proposed business operations. These include:

6.2 Operating Risks

The current and future operations of the Company, including exploration, appraisal and possible production activities may be affected by a range of factors, including:

- (a) adverse geological conditions;
- (b) limitations on activities due to seasonal weather patterns and cyclone activity;
- (c) unanticipated operational and technical difficulties encountered in geophysical surveys, drilling and production activities;
- (d) mechanical failure of operating plant and equipment;
- (e) industrial and environmental accidents, industrial disputes and other force majeure events;
- (f) unavailability of aircraft or drilling equipment to undertake airborne electromagnetic and other geological and geophysical investigations;
- (g) unexpected shortages or increases in the costs of labour, consumables, spare parts, plant and equipment; and
- (h) inability to obtain necessary consents or approvals.

6.3 Native Title and Title Risks

The *Native Title Act 1993* (Cth), related State Native Title legislation and Aboriginal Land Rights and Aboriginal Heritage legislation may affect the Company's ability to gain access to prospective exploration areas or obtain production titles.

Compensatory obligations may be necessary in settling Native Title claims if lodged over any tenements acquired by the Company. The existence of outstanding registered Native Title claims means that the grant of a tenement in respect of a particular tenement application may be significantly delayed or thwarted pending resolution of future act procedures in the Native Title Act. The level of impact of these matters will depend, in part, on the location and status of the tenements acquired by the Company. At this stage it is not possible to quantify the impact (if any) which these developments may have on the operations of the Company.

6.4 Environmental Risks and Regulations

The Company's projects are subject to Commonwealth and State laws and regulations regarding environmental matters and the discharge of hazardous wastes and materials. As with all mining projects, these projects would be expected to have a variety of environmental impacts should development proceed.

The Company intends to conduct its activities in an environmentally responsible manner and in accordance with applicable laws and industry standards. Areas disturbed by the Company's activities will be rehabilitated as required by the conditions attaching to the Tenements.

6.5 Economic Conditions

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's exploration, development and future production activities, as well as on its ability to fund those activities.

6.6 Market conditions

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities and in particular, resources stocks. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

6.7 Security Investments

Applicants should be aware that there are risks associated with any securities investment. Securities listed on the stock market, and in particular securities of mining and exploration companies have experienced extreme price and volume fluctuations that have often been unrelated to the operating performances of such companies. These factors may materially affect the market price of the securities regardless of the Company's performance.

Exploration in itself is a speculative endeavour, while mining operations can be hampered by force majeure circumstances and cost overruns for unforeseen events.

6.8 Legislative changes, Government policy and approvals

Changes in government regulations and policies may adversely affect the financial performance of the Company. For example, any increased rentals under the Mining Act may impact on the Company's actual financial statements. The Company's capacity to explore and mine, in particular the Company's ability to explore and mine any reserves, may be affected by changes in government policy, which are beyond the control of the Company.

6.9 Future Capital Requirements

The Company's ongoing activities will require substantial expenditures. There can be no guarantee that the funds raised through the Offer will be sufficient to successfully achieve all the objectives of the Company's overall business strategy. If the Company is unable to continue to use debt or equity to fund expansion after the substantial exhaustion of the net proceeds of the Offer, there can be no assurances that the Company will have sufficient capital resources for that purpose, or other purposes, or that it will be able to obtain additional fundraising on terms acceptable to the Company or at all. Any

additional equity financing may be dilutive to shareholders and any debt financing if available may involve restrictive covenants, which may limit the Company's operations and business strategy.

The Company's failure to raise capital if and when needed could delay or suspend the Company's business strategy and could have a material adverse effect on the Company's activities.

6.10 Reliance on Key Personnel and Employees

The Company's prospects depend in part on the ability of its executive officers, senior management and key consultants to operate effectively, both independently and as a group. To manage its growth, the Company must attract and retain additional highly qualified management, technical, sales and marketing personnel and continue to implement and improve operational, financial and management information systems. Investors must be willing to rely to a significant extent on management's discretion and judgement, as well as the expertise and competence of outside contractors.

An investment in the Company is not risk free and prospective new investors should consider the risk factors described below, together with information contained elsewhere in the Prospectus, before deciding whether to apply for Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

6.11 General Risks

In addition to the risks outlined above, the value of the Company's Shares are affected by a number of general factors which are beyond the control of the Company and its Directors.

Factors such as inflation, currency fluctuation, interest rates, supply and demand and industrial disruption have an impact on operating costs, commodity prices, local and international economic conditions and general investor sentiment.

The Company's share price can be afflicted by these factors which are beyond the control of the Directors.

7. ADDITIONAL INFORMATION

7.1 Continuous Disclosure Obligations

The Company is a “disclosing entity” (as defined in Section 111AC of the Corporations Act) for the purposes of Section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company’s securities.

This Prospectus is a “transaction specific prospectus”. In general terms “transaction specific prospectuses” are only required to contain information in relation to the effect of the issue of securities on the Company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 12 months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in Section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the financial statements of the Company for the financial year ended 30 June 2008 being the last financial statements for a financial year, of the Company lodged with the ASIC before the issue of this Prospectus;
 - (ii) any half year financial statements of the Company lodged with ASIC since the lodgement of the last financial statements for the

year ended 30 June 2008 lodged with ASIC before the issue of this Prospectus; and

- (iii) any documents used to notify ASX of information relating to the Company in the period from lodgement of the financial statements referred to in paragraph (i) above until the issue of the Prospectus in accordance with the Listing Rules as referred to in Section 674(1) of the Corporations Act.

7.2 Material Contracts and Disclosure on Potential Impact on Voting Power

The following are summaries of the significant terms of the material agreements which relate to the business of the Company.

7.2.2 Underwriting Agreement

By an agreement between Cygnet Capital Pty Limited (**Underwriter**) and the Company (**Underwriting Agreement**), the Underwriter agreed to conditionally underwrite the Offer for 45,316,146 Shares (**Underwritten Shares**).

Pursuant to the Underwriting Agreement, the Company has agreed to pay the Underwriter a fee of 6% (plus GST) of the amount raised under the Offer together with the issue of 5,000,000 Shares in the Company to the Underwriter.

The Agreement is conditional upon:

The obligation of the Underwriter to underwrite the Offer is subject to certain events of termination. The Underwriter may terminate its obligations under the Underwriting Agreement if:

- (a) conditional approval for Official Quotation of the Underwritten Shares is withdrawn, qualified or made subject to conditions not acceptable to the Underwriter in its absolute discretion;

- (i) any expert who has previously consented to the inclusion in this Prospectus of a statement made by him or a statement based on such a statement validly withdraws his consent;
- (j) the Company or any of its related bodies corporate or any of their respective officers contravene, or are charged with a contravention of, any provision of their respective constituent documents or any law relating to companies or securities, or the Listing Rules;

The Underwriting Agreement also contains a number of indemnities, representations and warranties from the Company to the Underwriter that are considered standard for an agreement of this type.

7.2.3 Disclosure of Underwriting on Voting Power

As set out above, the Offer is fully underwritten by Cygnet Capital Pty Limited (**Underwriter**).

To comply with the requirement to fully disclose the Underwriter's potential voting power in the Company and the effect of the underwriting by the Underwriter, the table below sets out various scenarios to indicate the effect on the Company's shareholding depending on the Shortfall (if any). The potential maximum increase in the voting power of the Underwriter is set out below (100% Shortfall) and will only occur if no Shareholders take up their Entitlement under the Offer. In the table below it is assumed that the Underwriter will take up its full Entitlement as a Shareholder under the Offer.

Event	Number of Shares of the Company held by the Underwriter	Voting power of the Underwriter in the Company
Underwriter holding as at the date of the Prospectus	5,641	0.01%
After issue of Shares to the Underwriter assuming 100% Shortfall	50,119,343	50.01%

After issue of Shares to the Underwriter assuming 75% Shortfall	33,992,751	37.51%
After issue of Shares to the Underwriter assuming 50% Shortfall	22,663,714	25.01%
After issue of Shares to the Underwriter assuming 25% Shortfall	11,334,678	12.51%

The calculations above assume that the Underwriter will not increase its holding of Shares prior to the Record Date and/or the close of the Offer. If the Underwriter acquires additional Shares prior to either of these dates, the numbers set out above will vary accordingly. It should be noted that the Underwriter may only acquire additional Shares prior to the Record Date and/or the close of the Offer to increase its voting power to 20% (and not more). If the Underwriter increases its voting power to 20% prior to the Record Date, its maximum potential voting power on completion of the Offer will be 60% (or 54,379,376 Shares).

The number of Shares held by the Underwriter and its voting power in the table above show the potential effect of the underwriting of the Offer. However, it is unlikely that no Shareholders will take up their Entitlement under this Offer. The underwriting obligation of the Underwriter, and therefore voting power of the Underwriter, will reduce by a corresponding amount for the amount of Entitlements taken up by other Shareholders. In addition, the future pattern of shareholding of the Company will change depending on the take up of Entitlements of the other Shareholders.

7.3 Directors' interests

Other than as set out below or elsewhere in this Prospectus, no Director nor any firm in which such a Director is a partner, has or had within 2 years before the lodgement of this Prospectus with the ASIC, any interest in:
